

FISSION HSOC

HIGH SURFACTANT OIL CONCENTRATE

INGREDIENTS

Modified Vegetable Oil, Free Fatty Acids.....60%
Surfactant.....40%
Total.....100%

All ingredients are exempt from tolerance requirements under 40 CFR 180.1001(d)

DIRECTIONS FOR USE

Fission HSOC should be added to the tank according to mixing order recommended on the pesticide product label. Start with a clean spray tank, and agitate while mixing and during spraying. Generally add Fission HSOC after pesticides have been added and thoroughly mixed.

Seller makes no warranty of fitness or merchantability. Buyer agrees that sellers maximum liability shall not exceed the purchase price of this product.

GENERAL INFORMATION

Fission HSOC is proprietary blend of free fatty acids, modified vegetable oil High Surfactant Oil Concentrate (HSOC) offering a 60% blend while supplying a high load 40% surfactant content. This makes water spread and more efficiently sticks to plants. Can be used at reduced rates compared to traditional crop oil concentrates.

RATE

Per 100 gallons of water	1-4 quarts
--------------------------	------------

When spraying in a warm, low humidity environment, use the higher use rates. Follow chemical label for complete rates used with adjuvants.

Important: This product has demonstrated excellent plant safety; however, not all species and varieties have been tested. Before treating a large area, treat a small area and observe prior to full scale application.

FIRST AID

If on skin or clothing: Remove affected clothing and wash all exposed skin with water for at least 15 minutes. If in eyes: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If swallowed: rinse mouth thoroughly. Do not induce vomiting without advice from POISON CONTROL CENTER: 800-222-1222. Get medical attention if you feel unwell.

If inhaled: Remove to fresh air and keep at rest in a position comfortable for breathing.

HANDLING AND STORAGE

Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapour. Do not get in eyes, on skin, or on clothing. Keep container tightly closed in a cool, dry, and well-ventilated place. Protect from sunlight. Personal protective equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, socks and shoes.

CAUTION: KEEP OUT OF REACH OF CHILDREN

May cause skin and eye irritation. Avoid eye and skin contact. Do not take internally.
